

## Polyurethane Nylon Plate Swivel Castor 160mm 350kg Load

**Product code: BZMM160XPNB**

Pressed steel swivel castor with a top plate fixing fitted with a brown polyurethane tyred black nylon centred roller bearing wheel .Wheel diameter 160mm, tread width 50mm, overall height 195mm, top plate 140mm x 110mm, hole centres 105mm x 80/75mm. Load capacity 350kg.

|                          |                                              |
|--------------------------|----------------------------------------------|
| Diameter (mm)            | 160                                          |
| Castor Type              | Swivel                                       |
| Fixing Option            | Plate                                        |
| Height (mm)              | 195                                          |
| Wheel Material           | Polyurethane on Nylon                        |
| Colour / Shore Hardness  | Brown Polyurethane on Nylon Rim / 96 Shore A |
| Temperature Resistance   | -20 °C TO +60 °C                             |
| Bearing Type             | Roller                                       |
| Load Capacity (kg)       | 350                                          |
| Tread (mm)               | 50                                           |
| Swivel Radius (mm)       | 140                                          |
| Plate Size (mm)          | 135 x 110                                    |
| Hole Centres (mm)        | 105 x 80/75                                  |
| Top Plate Thickness (mm) | 3                                            |
| Fork Thickness (mm)      | 3                                            |
| To Suit Fixing Bolt (mm) | 10                                           |
